SITUATION SUMMARY

Cal OES Activation Status			
State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

Cal OES EMAC Missions

- **2019-CalOES-1927:** California has provided an A-Team to support Oklahoma's adverse weather conditions. The team consists of one Cal OES A-Team member and one CNG A-Team member. Deployment dates are 05/28/19 - 06/12/19.

Cal OES INLAND REGION

E. Coli, Old Town Quincy, Plumas County

On 06/05/19, Old Town Quincy in Plumas County issued a Boil Water Advisory due to E. coli contamination affecting approximately 1,728 customers. Customers notified through reverse 911, local news social media page, and local radio station; Plumas District Hospital, Plumas County Environmental Health, and State Water Board also notified. American Valley Community Services District discovered a potential cause of contamination and have begun process of disinfecting water system.

- Expected to resolve by 06/11/19
- No activation
- No unmet needs

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

- Nothing significant to report.

FIRE ACTIVITY

Cal OES Fire Preparedness Levels		
National	Northern California	Southern California
Preparedness Level 1	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

Cal OES Fire Missions

- **2019-FIRE-402:** Incident Number: CA-CDF-000127, Request for five 20-person Hand Crew each and all necessary personnel, support, transportation and materials. 65 additional soldiers to be trained and ready to backfill. Assigned to fuel reduction efforts in SHU, NEU, BEU, and FKU (1 Crew in each unit with the exception of 2 crews in FKU).

MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

9-1-1 Outages/Remote/Community Isolations

- None reported.

Service Interruptions

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Northern California will still see below normal temperatures for today.
 - Saturday will see a warming trend as temperatures reach normal levels.
- Elevated fire weather conditions Saturday and Sunday in the Central Valley Saturday and Sunday.
 - A Fire Weather Watch is in effect.
 - Gusty winds developing Saturday with a few gusts to 40 mph.
- Red Flag Warning in effect from late this evening to Sunday evening for the North Bay Hills above 1,000 feet for dry offshore winds and low humidity.

SOUTHERN CALIFORNIA

- Nothing significant to report.
- **Weather Advisories, Watches, and Warnings currently active in California:**
- <http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

06/07/19 - 06/13/19

Friday

- Gusty winds are expected across the mountains and deserts of Southern Region on Friday.

Saturday-Sunday

- Gusty winds are also possible across portions of the Inland Region Saturday through Sunday, and combined with drying grasses, will lead to critical fire weather concerns below 1,000 feet.
 - While dry conditions and gusty winds will affect all regions of the state, fire weather conditions will be most critical across the Inland Region, while most areas will only see somewhat elevated conditions.
 - Grasses and other fine fuels will see accelerated drying from the high temperatures and low humidity, and should become more susceptible to burning.
 - Shrubs, trees, and heavier fuels will be slower to lose moisture, especially in the higher elevations, where conditions have been wet and new growth continues.
- Offshore winds develop across the state, leading to a significant increase in temperatures.
 - Heat may impact a portion of the population, especially those who are sensitive to heat and those without effective cooling and/or adequate hydration.

Monday-Thursday

- Above average heat will continue through Tuesday, especially across the Central Valley.
- Winds will begin to decrease by Monday, but elevated fire weather concerns will continue to be possible through the beginning of the work week.

CALIFORNIA WEATHER IMPACTS

06/07/19 - 06/13/19

<u>Hazards / Day</u>	FRI	SAT	SUN	MON	TUE	WED	THU
Non-Thunderstorm Damaging Winds	Southern	Inland					
Snow							
Coastal Flooding							
River Flooding						Southern/ Inland	Southern/ Inland
Thunderstorms (Wind / Hail / Tornadoes)							
Fire Weather (Low Humidity / Wind / Dry Thunderstorms)	Inland / Southern	All Regions	All Regions	Inland / Southern	Southern	Southern	
Heat Risk			Inland	Inland / Southern	All Regions	Inland/ Southern	
Heavy Rain / Flash Flooding / Debris Flow							
Extreme Cold							

No Impacts

Minimal Impacts

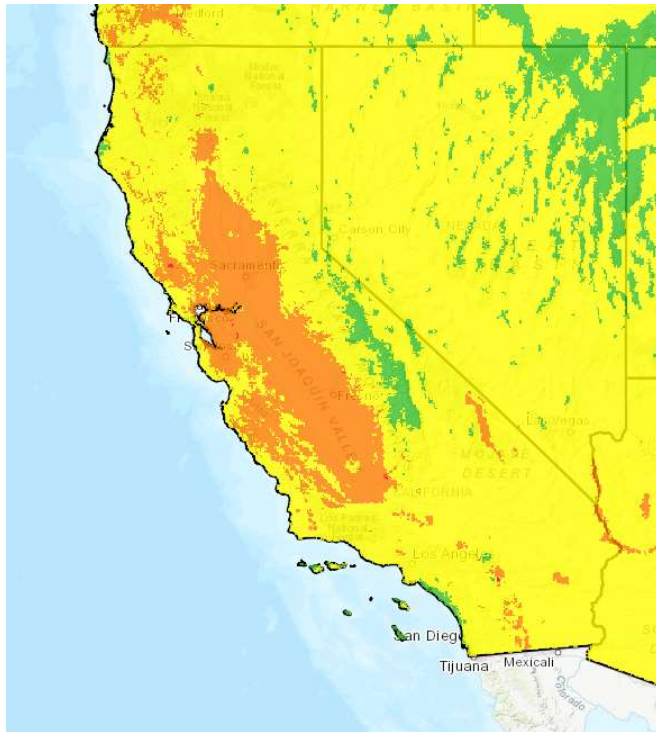

Moderate Impacts

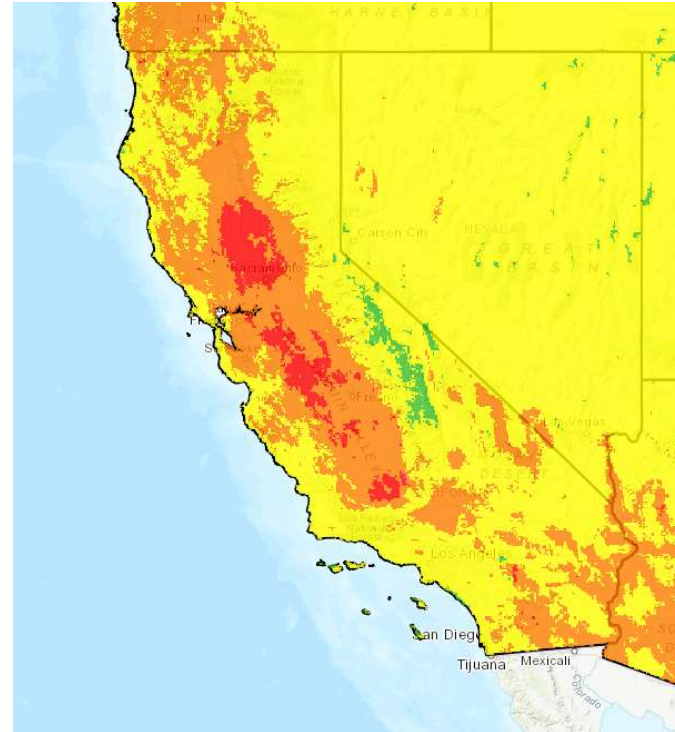

Severe Impacts

HEAT RISK FORECAST

Significant heat impacts are not expected Thursday through Saturday.

Sunday, June 9

Monday, June 10

Category	Level	Meaning
Green	0	No Elevated Risk
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Category	Level	Meaning
Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight

WEATHER OUTLOOK

06/12/19 - 06/20/19

6-10 Day Outlook (June 12 - June 16)

Temperatures

- Above normal temperatures likely across the state

Precipitation

- Equal chance of above or below normal precipitation across much of the state, with below normal precipitation favored across the far northern portions of the state

8-14 Day Outlook (June 14 - June 20)

Temperatures

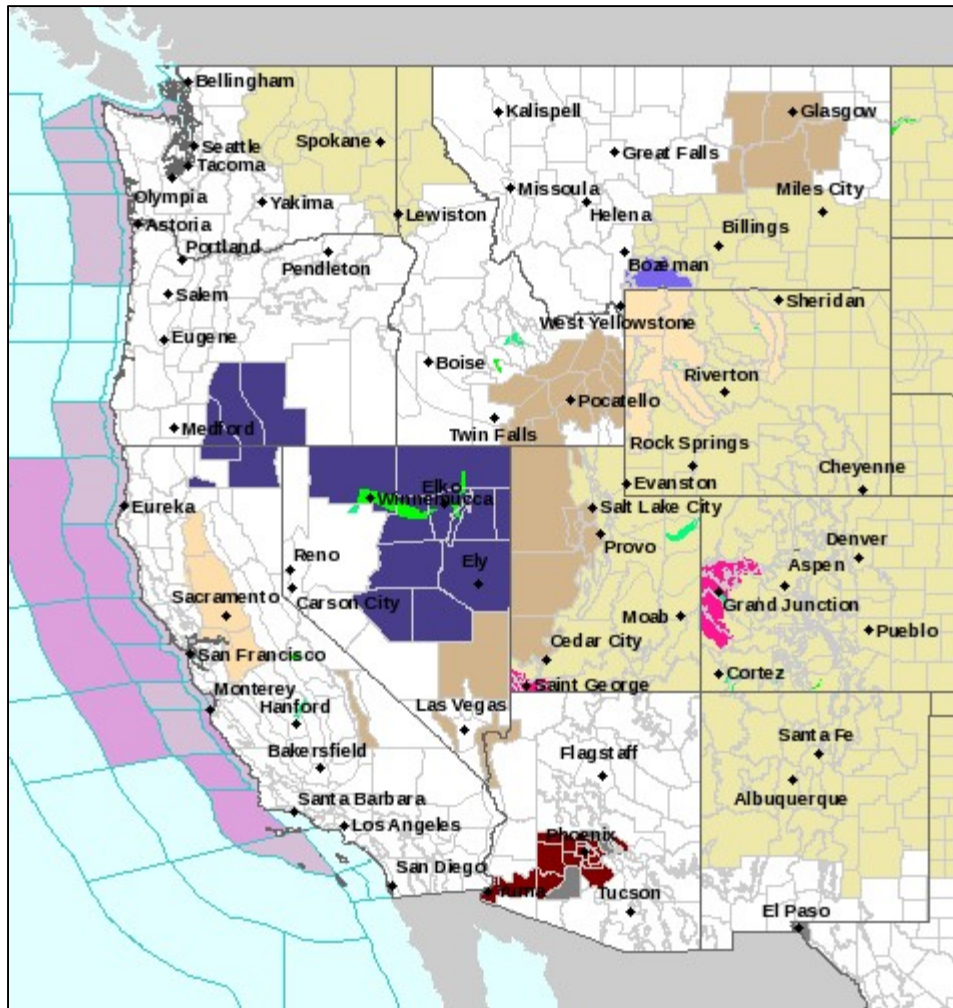

- Above normal temperatures favored across much of the state, with equal chances of above or below normal temperatures across the southern part of the state

Precipitation

- Equal chance of above or below normal precipitation across much of the state, with above normal precipitation favored near the Nevada border

OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

New Cal OES Missions

- **2019-LAW-2052, 05/06/19, 1621 hours:** The Air Force Rescue Coordination Center (AFRCC) reported a Personal Locator Beacon (PLB) activation at 40.975°N by 123.01°W, which plots to the Trinity Alps area of northern Trinity County. The registered owner of the device is a Charter School in the Arcata area. The school director reported the device was being used by two adult female staff members who are chaperoning a group of 16 Junior High students from the school on a 4 day backpacking trip. Trinity County Sheriff was contacted and requested a California Highway Patrol (CHP) helicopter to attempt to locate the students. The CHP helicopter flew the area and located a group of subjects in the general area of the activation. This group did not appear to be in any distress but the helicopter was not able to land or contact the group to confirm they were the missing students. The PLB was not detected by subsequent satellite passes and no further position updates were available. Trinity County was not able to send in a ground team due to darkness, put plan on deploying a team early on 06/07/19. A Cal OES Regional Law Branch Assistant Chief will monitor and coordinate any additional resources needed. **Mission Ongoing.**

Closed Cal OES Missions

- **2019-LAW-2036, 05/06/19, 1035 hours:** AFRCC reported an unregistered PLB activation at 38.257940°N by 121.089856°W, which plotted to a waste water treatment facility in the city of Santa Barbara. The Cal OES Law Duty Officer (LDO) contacted Santa Barbara Police and requested a check of the facility. They did check the facility but the PLB was not located and there were no signs of distress. The PLB stopped transmitting and mission closed. **Mission Closed.**

Cal OES MISSION TASKING

Cal OES Missions

- Nothing significant to report.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
